BALLAD OF THE PHILIPPINES.

Sweet Laura bow the cyprus twines
And far her heart must roam,
For Philip in the Philippines,
And Philip loves for home.

A lovely maiden all forlorn,
No joy her sorrow checks;
Each night she sits till dewy morn
Shines on the dewy decks.

And Philip sighs from dark to dawn,
By sad misfortune doomed;
And Philip sighs from dark to dawn,
By sad misfortune doomed.

"Come back," she cries, "where Love reels
Par' the ocean's foam!"
And Philip in the Philippines,
And Philip sighs for home!

A BIG TIME.

Joseph Heiser Post Will Be in Evidence at Cincinnati Next Week.

Electric Park.

You are lost, be for a place to spend an hour or so; well there is no place where you can spend a more pleasant time. The wonderful "Wargraph" protects the lifeless pictures of the late war and many other scenes true to life. This is absolutely true to actual pictures. This is the last opportunity to see these pictures as the "Wargraph" closes its engagement tonight, so avail yourselves of the opportunity and see the pictures.

The opening force in the theater is very funny; Percy and West are very entertaining. "Has us in a peep," and Cotton and Darrow are very funny in their sketch. Remember the admission is only 15 cents, in clothing round our face.

Special meeting of the Board of Directors today at 3 p. m. Mr. H. C. Housner, State Secretary, will be here to confer with the Directors.

MONDAY'S PROGRAM.

Labor Day Celebration Under the Auspices of the Knights of St. John.

Following is the program for the celebration in this city Monday, Labor Day, by the Knights of St. John:

A short address of welcome to visiting Knights and ladies at C. and O. Depot by Judge Wainwright, after which parade will form and march—

East on Second to Market, South to Third, East to Limestone, South to Fourth, East to Plum, North to Third, West to Limestone, North to Second, West to St. John's Hall and return.

In the afternoon at the Fairgrounds there will be a dress parade by the Knights, fancy drill by the Young Ladies' Auxiliary, Brass Corps of Bellevue, a live bird shoot by the Mason County Gun Club, a ten-pound glove contest between Denney Brown of Cincinnati and George Beale of Louisville, a two-mile bicycle race, one-quarter mile running foot race, a fat man's race, 50 yard, a grassed pig race, and a bloodhound trial.

GOVERNOR BRADLEY PROCLAIMS A HOLIDAY FOR MONDAY.

MAINTAIN WILL CELEBRATE.

A new rule in effect at the Pension Agency is that the Notary Public swear pensioners to vouchers must insert in the voucher the number thereof.

The object of this is to enforce the rule that the Notary Public must see the voucher.

It is a rule that in the certificate given by the Notary Public must state that he has seen the original voucher, and it appears that many vouchers are made out by Notaries who have not seen the original.

It is claimed that this has left the process open to fraud and error.

Under the new rule, witnessing the voucher becomes more of a fact as Notaries will be left to commit themselves as to the number without seeing the paper.

But as no one can procure a voucher until it is regularly sent to him by the Pension Agent, which is done three months in advance of its execution for payment—it is not exactly clear where the chances for fraud break in.

MORE RED TAPE.

Hereafter Notaries Public Must Insert Pension Number in Vouchers.

Don't let your coalhouse with your Pompey Coal when you can get Black Bend, Chesapeake or Semi-anthracite Coal at the same price at William Davis's Coal Yard, near Limestone Mills.

Mr. John Heiser, son of the late John Heiser of this city, came up from Cincinnati yesterday. He is a member of the Sixth Infantry, and was a participant in the bloody battle of Santiago. He is on furlough, and will remain some days visiting relatives and friends.

How funny they must look! A soldier's letter from Porto Rico, printed in The Bulletin, describes Ponce as a beautiful city about the size of Mayville, and says, "The houses are principally one or one and half stories high, of unique and picturesque construction. They must surely be 'unique and picturesque'."

The United States transport Connel has sailed from Tampa for Havana with one million rations for free distribution to starving Cubans.

The Cuban General Castillo, who is now in New York, says the Cubans have been misrepresented in their dealings with the American troops.

Philadelphia physicians are greatly interested in the case of Harry Gibson, who lived for weeks after his astounding juggling feat was witnessed.

Underwriter J. W. Knight of Topeka, Kansas, is trying to locate the relative of J. W. Steiner, who was killed by a train. His mother and sister are looking for him.

While little Guy Carr, three years old, living at Findlay, O., was in a strawrack, his father, who was a carpenter, saw that the body was found burned to a crisp.

Mrs. Amanda Hickley, while attempting to kill a cat at Portsmouth, was bitten in the ankle by the animal. Her foot was injured and her foot will have to be amputated.

Mrs. Margaret Ann McElow celebrated the thirty-seventh anniversary of her marriage to John McElow, of Chicago, by her children, grandchildren, great-grandchildren and great-great-grandchildren.

It is now believed that David Davis, an old farmer, who was found dead on his knees in his barn at Sturges, Ky., with a rope around his neck, was murdered by a party placed in that position to induce suicide.

George Heckathorn, a convict in the Columbus Penitentiary, made a bold escape from that institution. He donned a suit of civilian clothing made in the state shops and walked out of the front door undisturbed in the midst of a crowd of visitors.

Crouched in the corner of a dark cell, dying from starvation, was Lizzie Fitzgerald, an old woman, who had been in the St. Louis, Mo., Central District Station, St. Louis. The woman had been locked up in the station for a long time, but had not been fed.

LARGEST ON RECORD.

American Tobacco Company's Advertising Goes to Newspapers.

THE LEDGER PUT ON THE LIST.

The American Tobacco Co. believes in newspaper advertising.

The American Tobacco Co. is a vast company, and its recent appropriation of \$750,000, to be spent in newspapers is the advertising of one of its branches.

To expend this amount of money judiciously is a problem. Its solution is therefore entrusted to every merchant and producer who has need of publicity for his business welfare.

Now, then, was free determination finally reached. The detailed necessity to the handling of the volume of business demanded the experience and equipment of an Advertising Agency of the first class.

The C. H. Haulenbeck Advertising Agency, of New York City, was therefore selected. Its estimates were prepared to cover the entire country for such mediums as were thought to be desirable to bring quick and sure results.

In this connection it is certainly pardonable for the Ledger to be a certain candidate for the list of newspapers to be included in the list.

There is a point to be made just here, and it is that if the "Foreign" advertiser, having practically unlimited means and exercising a judgment born of years of experience, decides upon a given medium, it is because of the excellence of that particular medium, for the reason that it covers.

Local advertisers will do well to reflect on this point. It is pregnant with meaning to every one of them.

The mode of presentation was the question to be settled after the means of presentation had been decided, and here again the smaller advertiser is at a disadvantage.

There was no quibbling at the proposition. With broad-gauge business views, backed with the experience of a large advertising agency, called for an entire paper. This satisfied to the advertiser, and the contract then requires that he make good times if he has anything really good to offer, and the way to do so is to make his advertisement as thorough as possible.

Newspaper advertising is the best way to make good times if he has anything really good to offer, and the way to do so is to make his advertisement as thorough as possible.

It was P. T. Barnum who said: "If you only have a good product to begin your business, and want to make money, put it in the paper for advertising in the newspapers."

A feature of this stupendous "order" was that the advertiser was to be paid for the arrangement made by the C. H. Haulenbeck Agency.

THE BUYERS GUIDE.

A Big Wheat Crop For 1899.

That's our prediction for Mason, Bracken and Robertson counties. We make no pretensions in the way of fortune telling; neither are we a prophet. We are simply gifted with a goodly amount of "horse sense." We know that there will be a good wheat crop next year, because the bulk of the wheat sown this fall will be sown with Empire Disc Drills, and they make no mistake. Empire Drills are positive and absolute. They do exactly what you tell them to do. The Empire Disc Drill is the only positive feed drill made. It will feed the same quantity of wheat, rye, oats or barley with the same gear. Size of the grain cuts no figure with the Empire. You do not have to sow four or five acres before you know what you are doing as with other drills. The Empire has telescoping steel conductors which never break or choke up as do the old-fashioned roller conductors. The Empire drag bars are fastened to the top of the boot, five inches higher than on other drills and trash will not choke and stop the Empire.

EMPIRE WHEAT DRILL

will drill corn successfully. Remember, the Empire is a positive feed drill, and the only one on the market. The grain is gently lifted into the conductors by a round, sancer-shaped part which is made to rotate by a square shaft. Only so much grain can be lifted and fed as this part will hold, and in order to sow a large or small quantity of grain per acre you simply put a large or small cog wheel on this shaft, which makes the round, sancer-shaped lift revolve faster or slower. Each cog wheel is numbered and guaranteed to sow an exact quantity of any grain per acre—wheat, rye, oats, barley. The Empire has tapering axle like a tumble-skein wagon, and a peculiar wheel, a wheel that will guarantee will not rub the boxes in five years as on other drills—no, not in twenty-five years. Buy the best. Buy the Empire and take advantage of 18 years experience. The factory now offers you the result of a lifetime's study and invention, viz: The Empire Disc Drill. Ask your grandfather about it. Ask any old citizen if he ever heard of an Empire Drill. I can show you an Empire Drill that is 21 years old and still running. The Empire for 18 years has had a National reputation—known and used the world over except Mason county. The Empire is not a cheap drill. It costs the agent a little more than other drills. Perhaps that is why your implement dealers have never sold the Empire Drill here. Empire Drills are being exhibited and sold in Mason county now. I have shown this drill to at least 30 farmers in the last two weeks and every one is enthusiastic in its praise. Call, examine this wonderful machine and convince yourself. It is a pleasure for us to exhibit it. Call and see us.

"The Blow Almost Killed Father!"

Two weeks ago V Crimp Roofing sold in Mayville at \$3.35 a square. Today V Crimp Roofing is selling at \$1.95 a square in Mayville, notwithstanding the fact that all factors advanced the price July 30th 10 cents a square. The Price Fighter did it with his little hatchet. In two weeks he brought V Crimp Roofing down from \$3.35 to \$1.95. He claims to be your friend. Will you regard him as such? He claims that he is entitled to your consideration and preference.

V CRIMP ROOFING U. S. 28 gauge, weighing 70 pounds to the square, only \$1.95, including the nails at \$1.25. Price Fighters. We will put a crimp in complete with brake, bed and spring set, \$37.25.

The long looked-for come at last. Sell or trade off that job wagon and get a spring wagon. Greatest invention of the age. Florence Second Growth Hickory Wagons are now equipped with

The Springs are under the sandbar, right on the axle, and positively remove all the jolt and jostle from wagon load and driver. We guarantee these springs to add 50 per cent to the life of your wagon. We guarantee these springs to sell 1,500 pounds to the carrying capacity of a 3 1/2 inch Wagon. Same kind of a spring that you find on a C and O, or L and N freighter. Your neighbors say that they are worth \$25 to a wagon. Better try them and see.

Better try them and see. The Florence Farm wagon has in it 14 months standard outfit to the people of Mason county to an extent that is very gratifying to us and alarming to our competitors. True merit always wins. We are now on our third order of these wagons since January 1st, 1908. It is indeed a pleasure to sell an article that pleases everyone. Remember, these Wagons are made of Second Growth Hickory, every spoke in every wheel is made of a hydraulic pressure without wedges, every tire is put on cold, every inch of woodwork is dipped in linseed oil before being painted, the heavy duty ironed factory wagon on the market, guaranteed the lightest running factory wagon on earth and warranted in every respect. Buy a Florence and get the best. Florence Metal driving from Boxcar No. 5892 delivered to tell temperature of the chains with which it was loaded. Look at 'em:
